SADDLEBROOKE HIKING CLUB: TRAILBLAZER PLAQUE

At the spring 2016 picnic, the club Board introduced the Trailblazers plaque in the photo below to acknowledge the pioneering work of a group of twelve individuals during the early years of the club, in addition to recognizing on an annual basis the work of club members who have significantly contributed over an extended period of time to the success of the club. The plaque hangs in the lower level hall of the SaddleBrooke clubhouse.
