Revised Bylaws Approved by Membership

Hello SBHC Members,

The fall business meeting of the SaddleBrooke Hiking Club was held at the picnic on Friday, October 29th at Catalina State Park. A very important part of that business meeting was to have the members present vote on whether to approve the bylaws revisions proposed by the Board on August 12, 2021. Those present at the business meeting unanimously approved the revisions and the new version of the SBHC bylaws has been posted to the website on the bylaws page.
